DIVERSE WORLD

Discover the world of BRIXIES – miniature building blocks and the unimagined possibilities BRIXIES can offer in advertising.

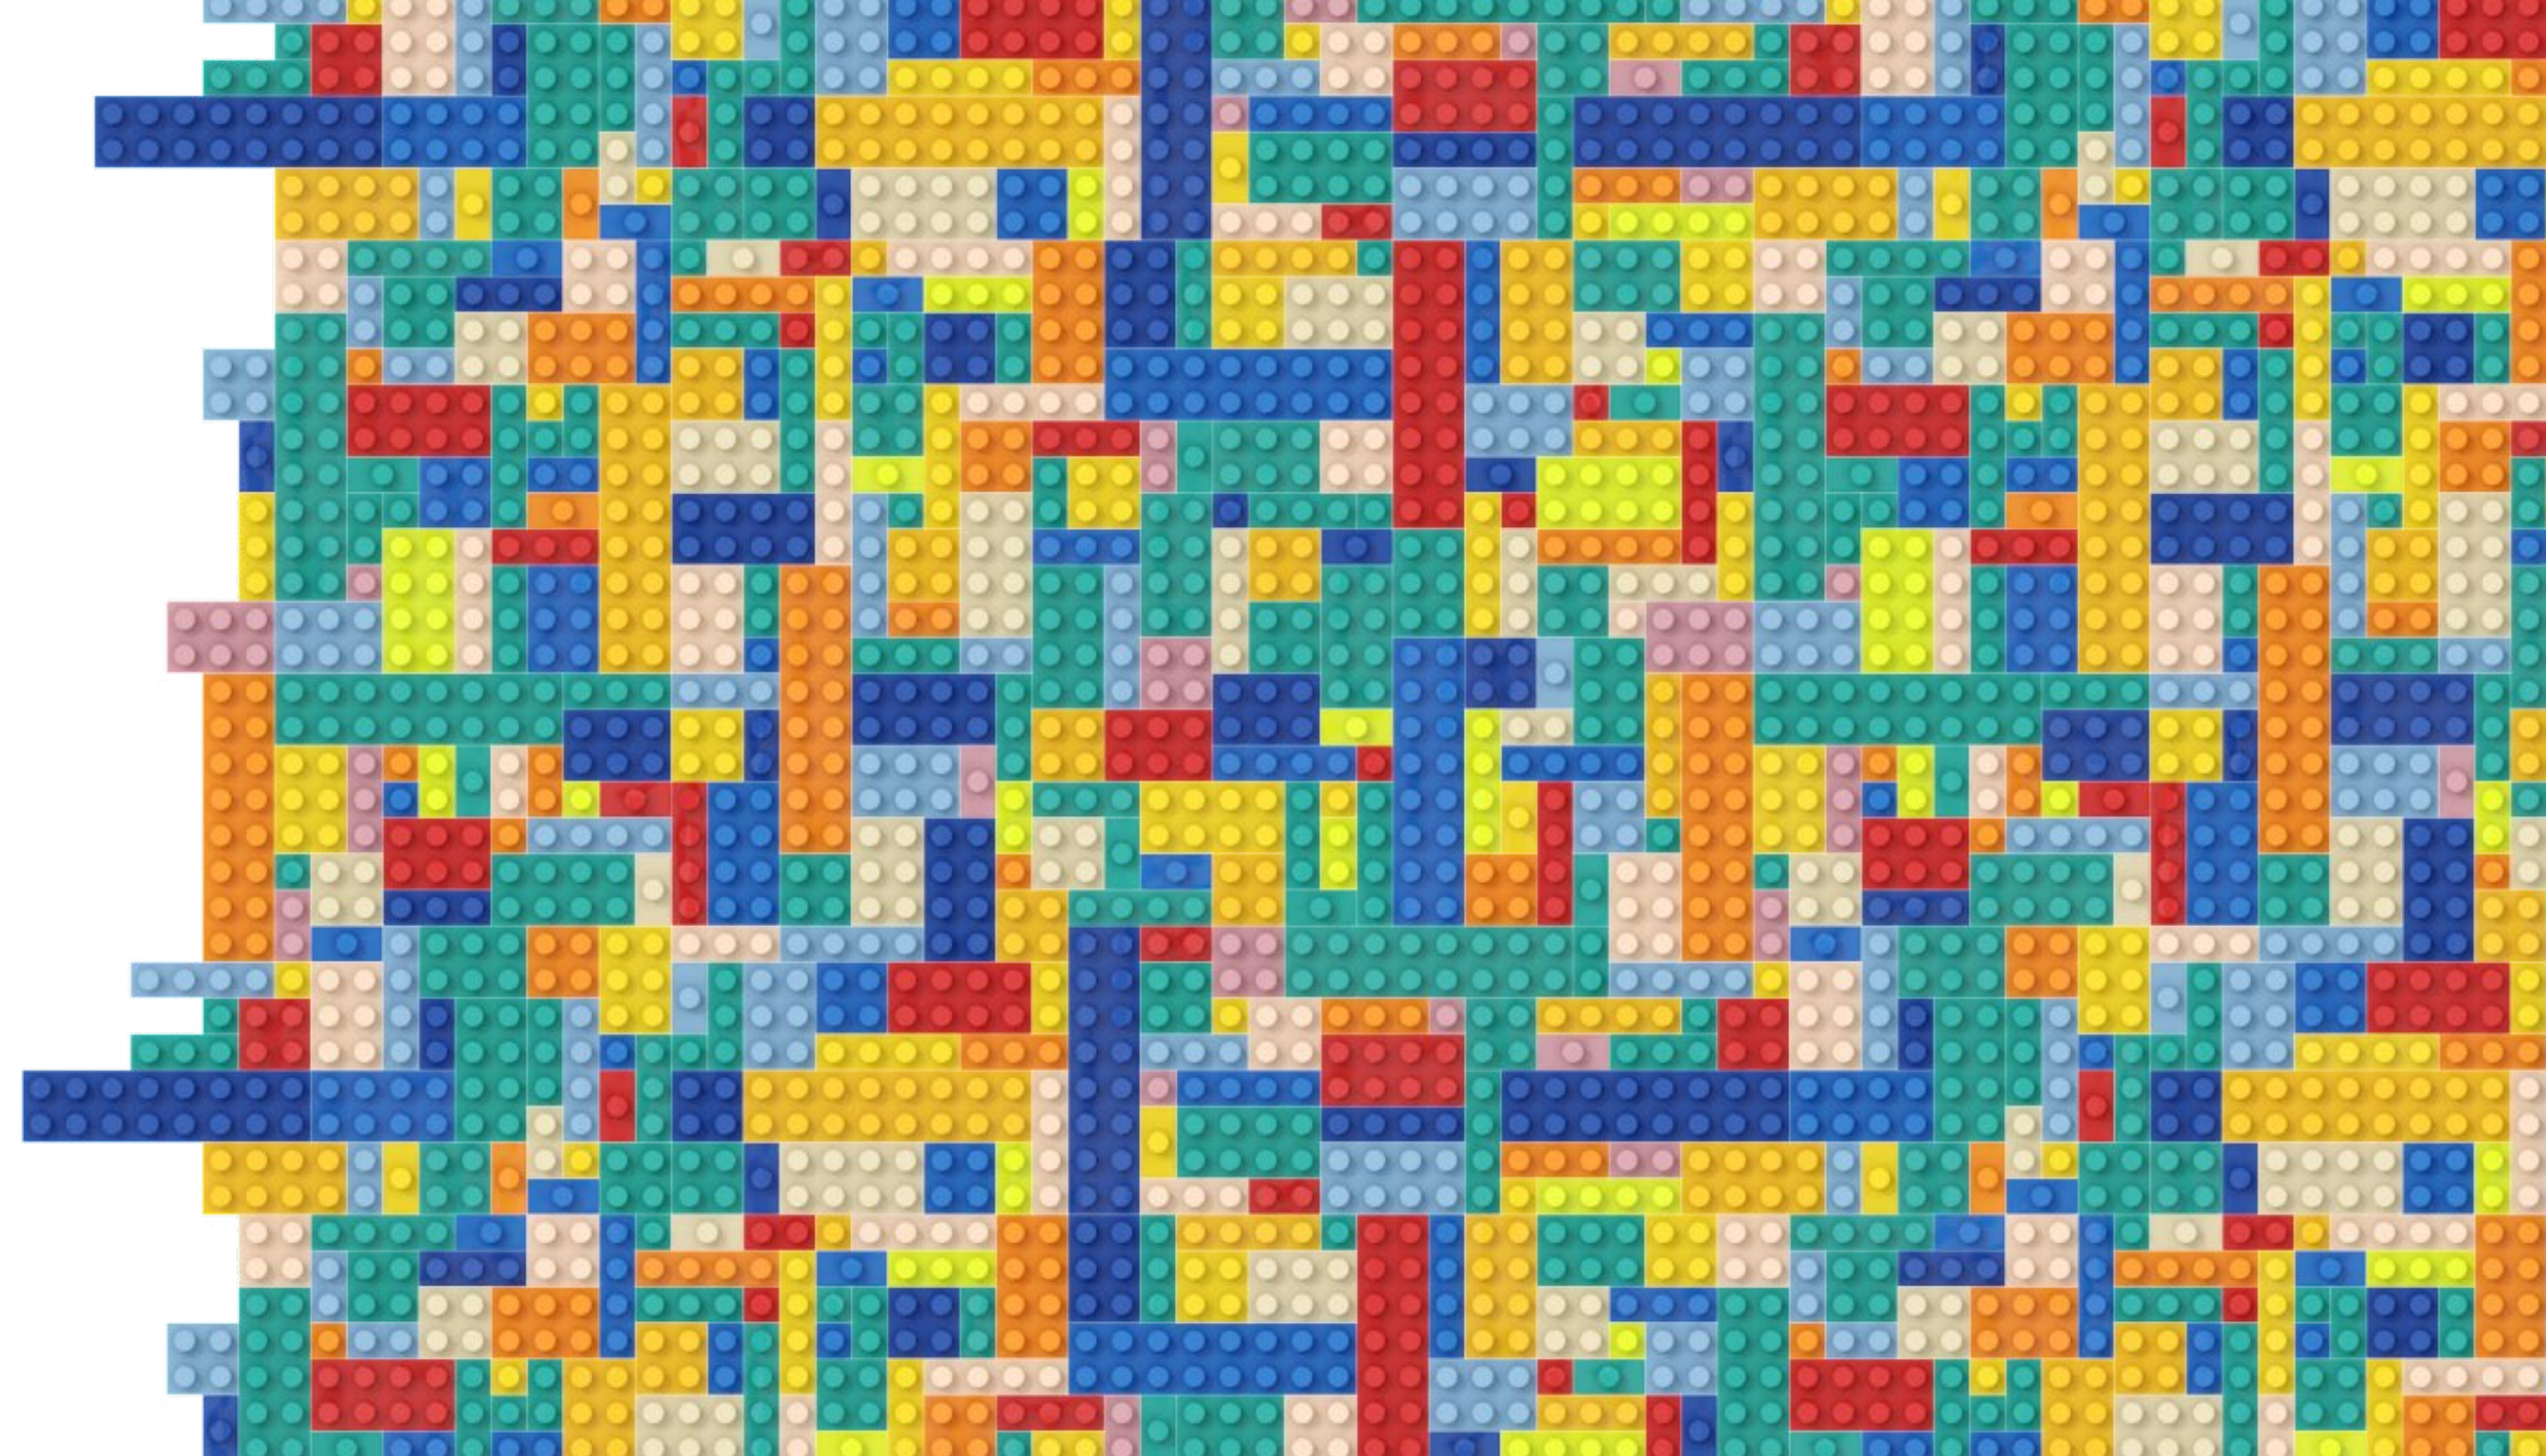

We offer you a portfolio of more than 300 standard range items from stock, which you can select in small quantities to enhance your advertising.

We can also develop an individual model for you from a MOQ of 1,000 pcs. This would come complete with customised instructions and packaging – please note, customised zip bags come with a MOQ of 10,000 pcs.

Our design and service team will be happy to support you in the implementation of your own BRIXIES model.

We are so confident of the BRIXIES quality that we offer a warranty of 5 years on all products. A free spare parts service for the end customer is also guaranteed!

On the following pages you will find a number of examples, information and instructions on how easy it is to create your own bespoke BRIXIES model.

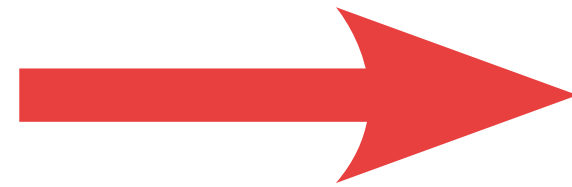

STEPS FOR CUSTOM-MADE PRODUCTS

- We would require detailed art work relating to the product (JPEG format sufficient)
- The model is implemented within our 3D program
- The quantity and colour of bricks required is then determined, along with your choice of packaging to create sample
- Proposal will be shared
- Following sample placement and approval, the delivery time is approx. 12 weeks or 6 weeks with Express

IN REALITY
ONLY SO "BIG"

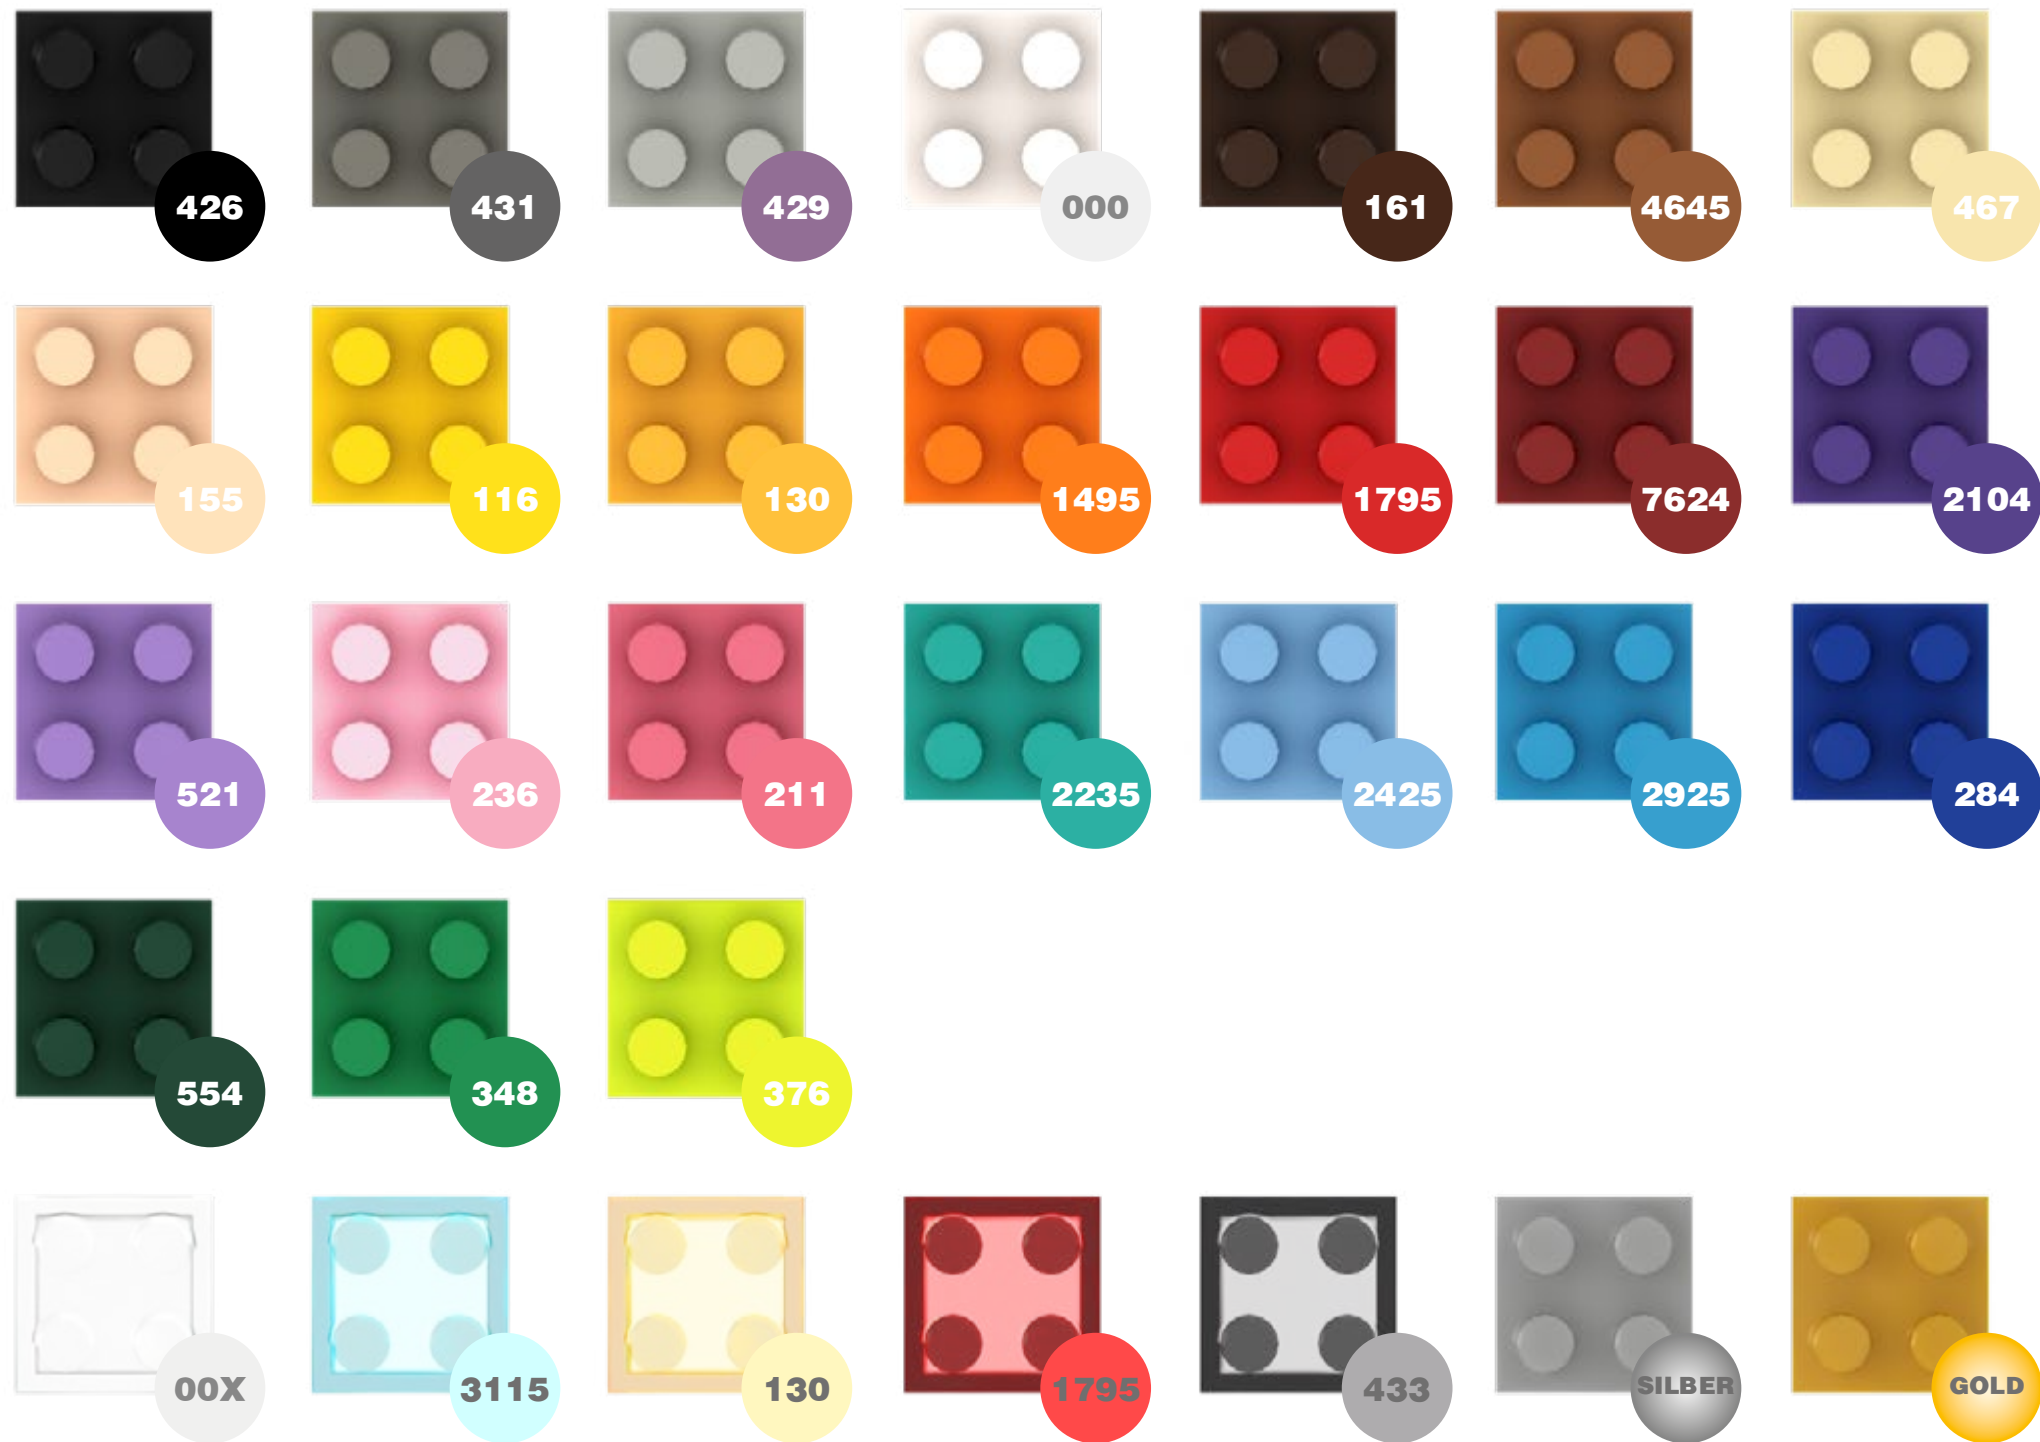

THE BRICKS

With our wheels in two different sizes, each model can be made mobile. This creates a better overall picture of the vehicle and is therefore much more realistic. The wheels are just as easy to attach to the models as all other BRIXIES bricks.

Figure 1 shows the dimensions of the test specimens. The dimensions are: 5 mm, 14 mm, 8 mm, 23 mm, 8 mm, and 5 mm.

All models can be made movable with the joint. Whether the arms of a figure, the neck of a giraffe or the crane of a construction machine. The joint is available in all colours shown above.

*Colors similar Pantone

OUR SELECTION OF COLORS

BUILD YOUR WORLD

Our colour palett includes 31 different tones, two of which are transparent. Due to the fine gradations, we can cover any colour range. It is not possible to colour the bricks in your own colours. The specified PMS tones are approximate and are for orientation only.

INDIVIDUAL DESIGN WITH BRIXIES

PACKAGING

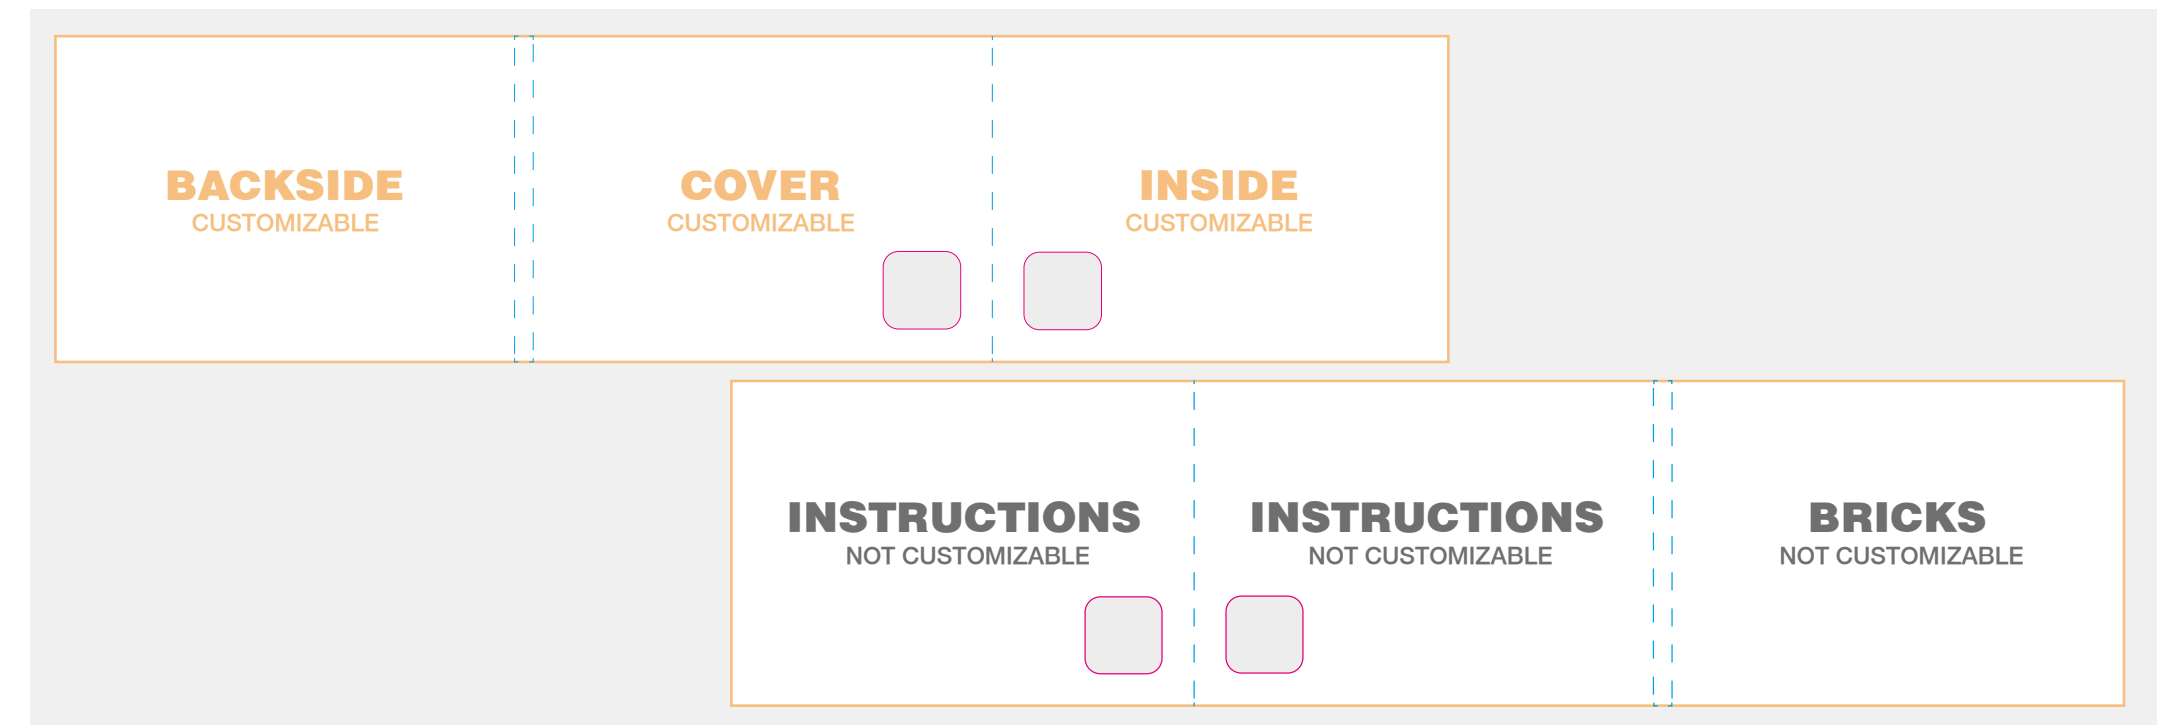

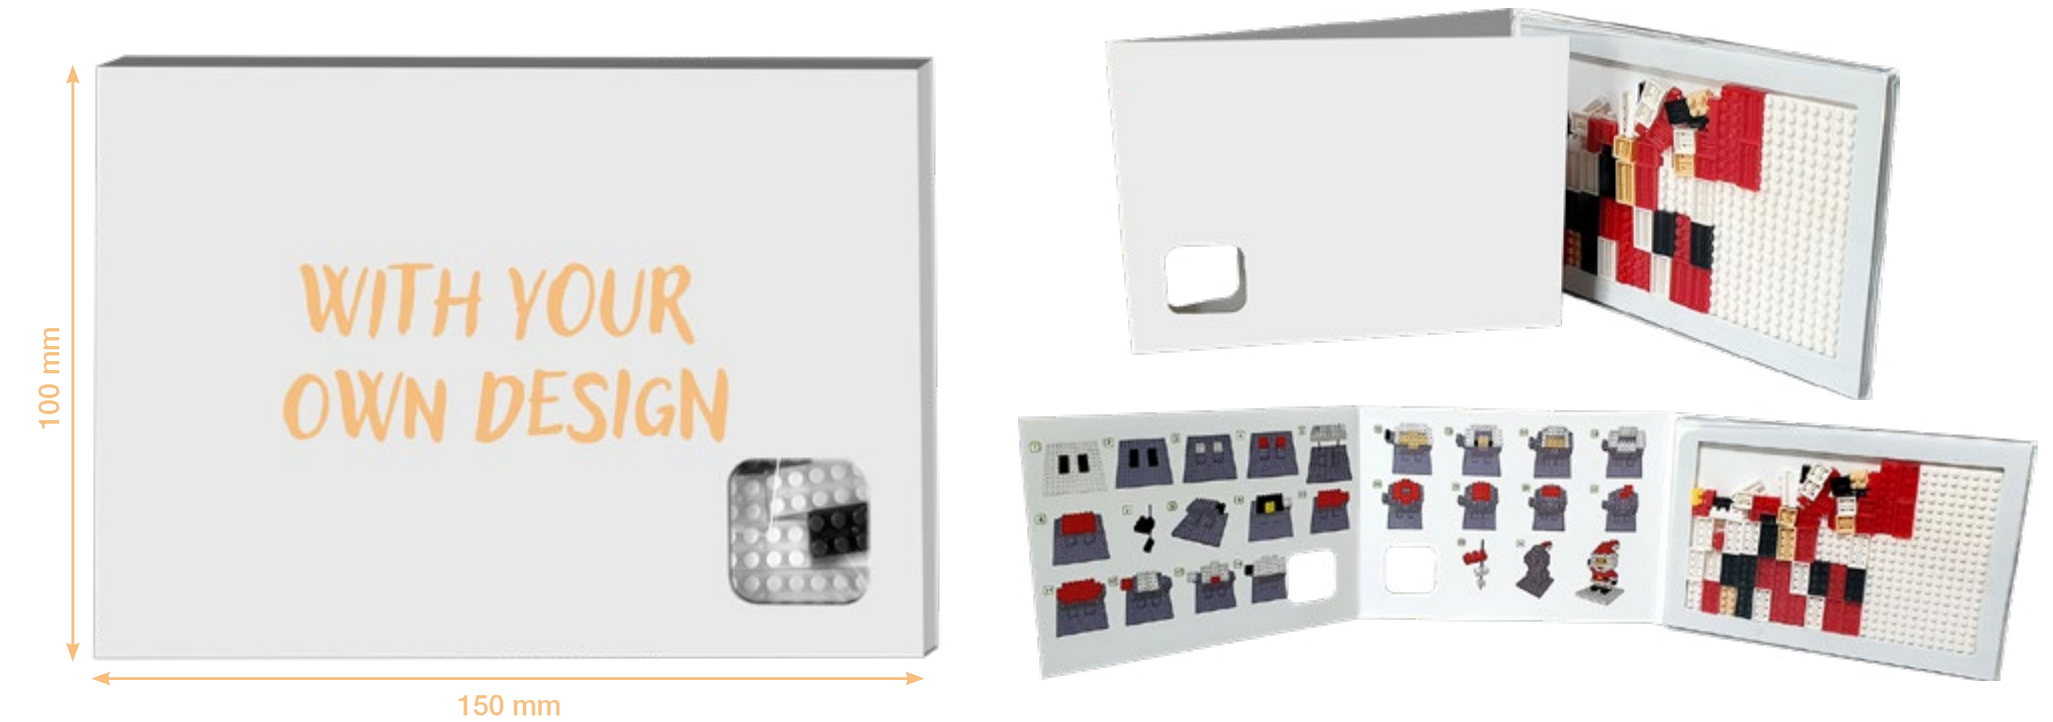

We offer various options for outer packaging. We work with you to decide which option is best. You can choose between 2 postcards, 2 polybags or, depending on the size of the model, 3 gift boxes.

INDIVIDUAL DESIGN WITH BRIKXIES

POSTCARD VARIANT 1

- The postcard can be used in many ways, for example as a giveaway or for direct mailing
- From 500 pieces, the postcard and the model can be individually designed
- The maximum number of stones is approx. 200 pieces due to space constraints
- The postcards are standardised and can be sent by post
- The build instructions for the model can be found on the inside of the postcard
- Again, our standard product range can be refined at an additional cost with a print run of 100 pieces using logo stickers on the outside, as well as text labels on the inside
- You can attach a personal message on the inside of the card

INDIVIDUAL DESIGN WITH BRIXIES

POSTCARD VARIANT 2

- The postcard can be used in many ways, for example as a giveaway or for direct mailing
- From 500 pieces, the postcard and the model can be individually designed
- The maximum number of stones is approx. 200 pieces due to space constraints
- The postcards are standardised and can be sent by post
- The build instructions for the model can be found on the inside of the postcard
- You can attach a personal message on the inside of the card

LARGE SELECTION FROM OUR STANDARD RANGE

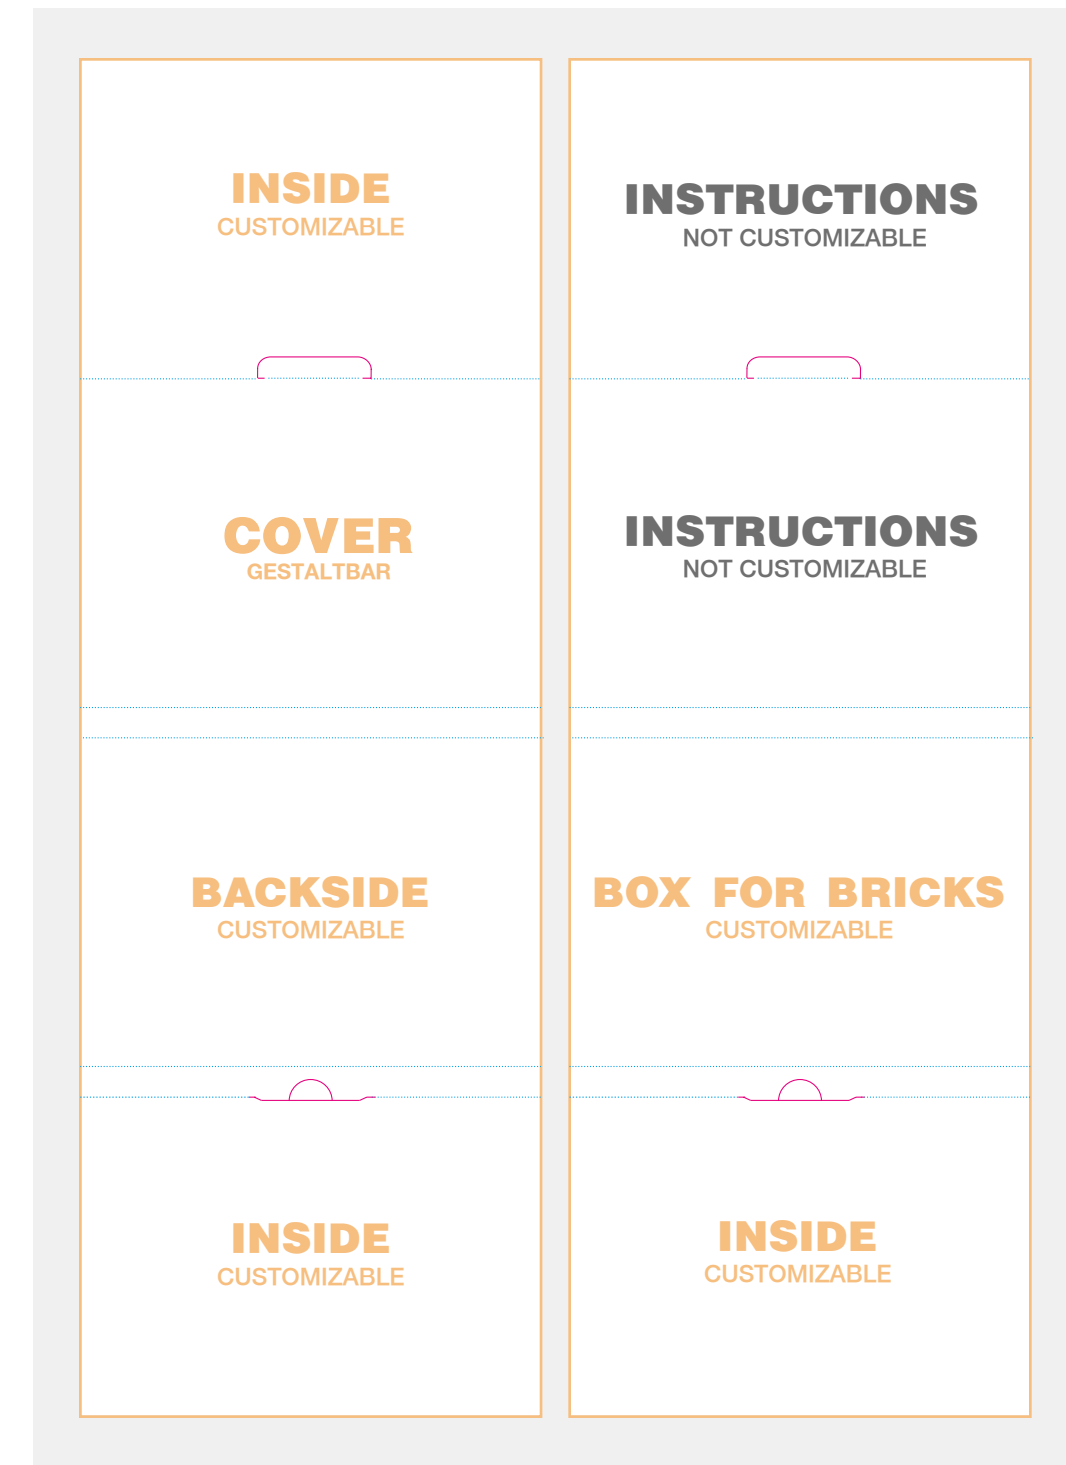

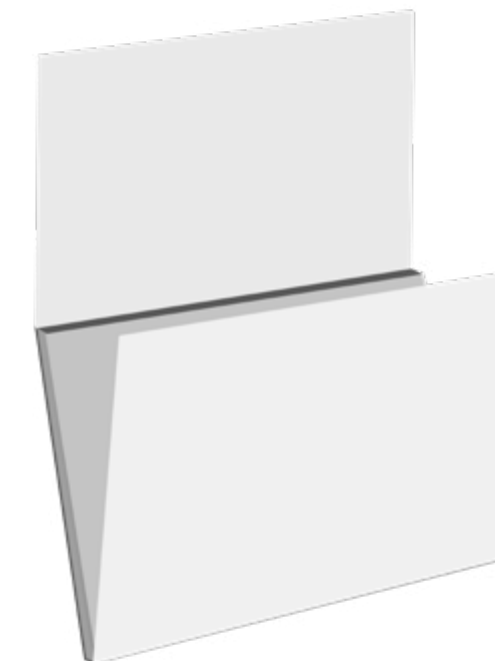

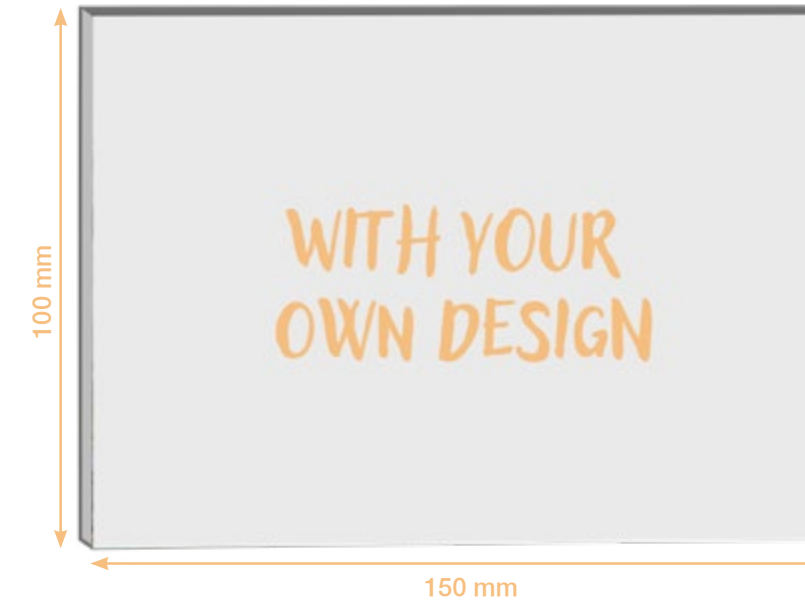

Many models fit into our new card!
Whether from the postcard or polybag, many things are possible!
Just ask and we will make you an offer.

APPROX. 1-200 BRICKS

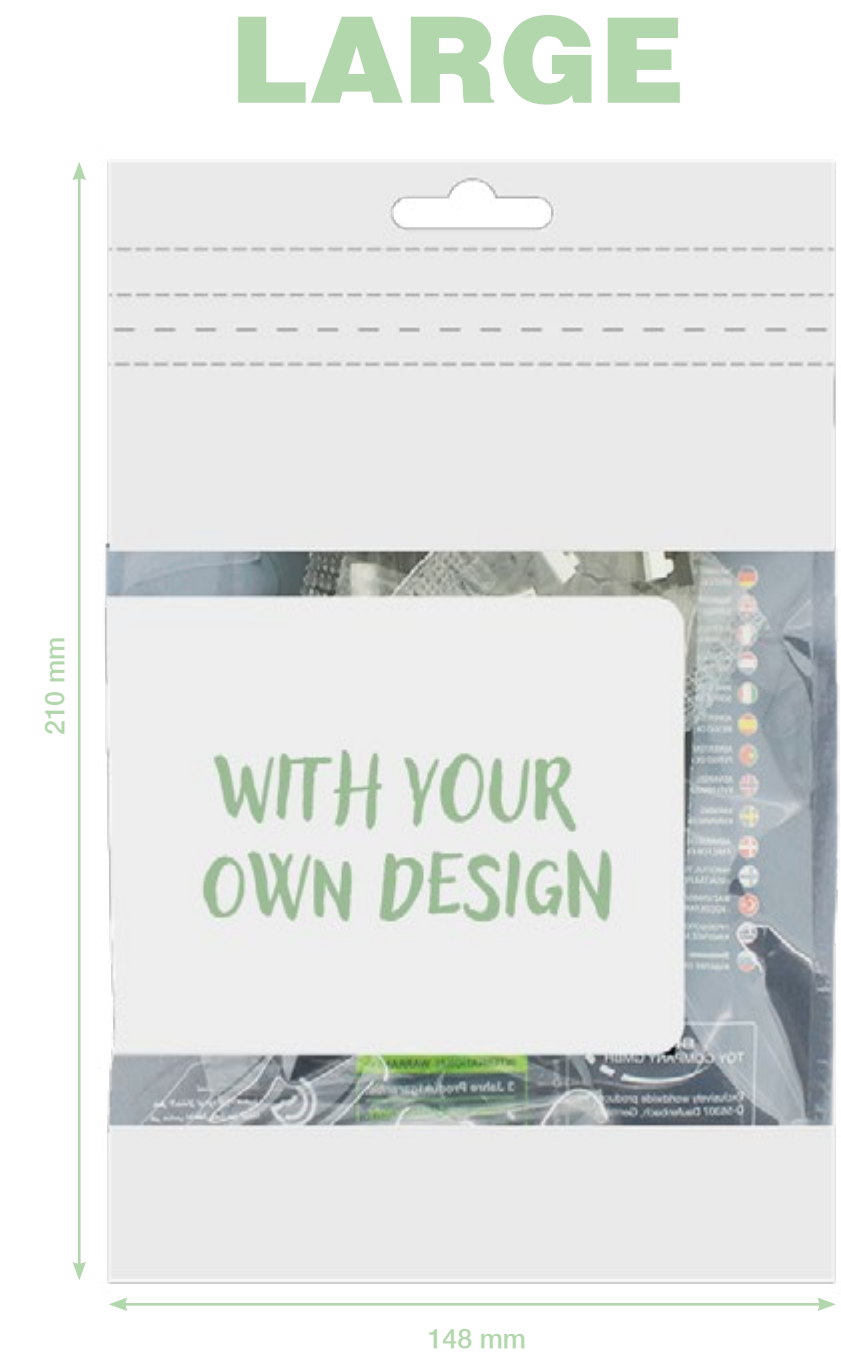

INDIVIDUAL DESIGN WITH BRIXIES ZIPBAG

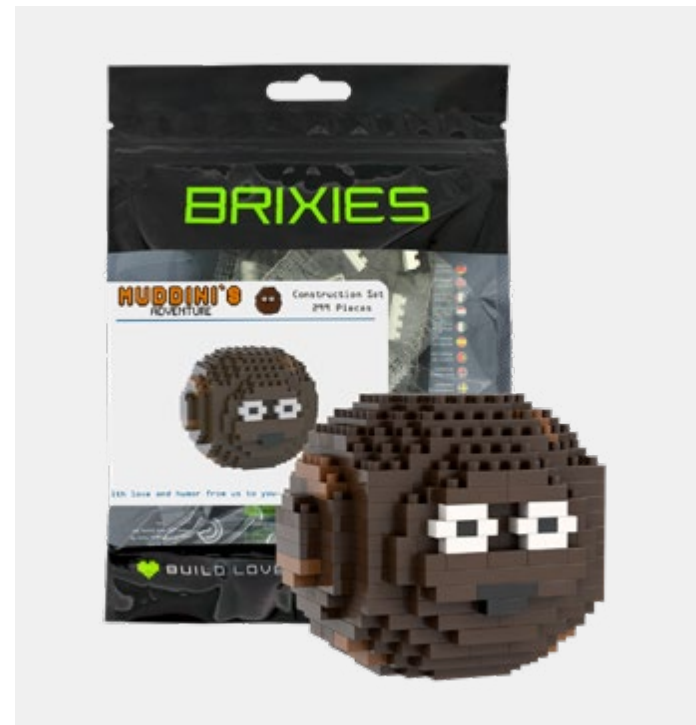

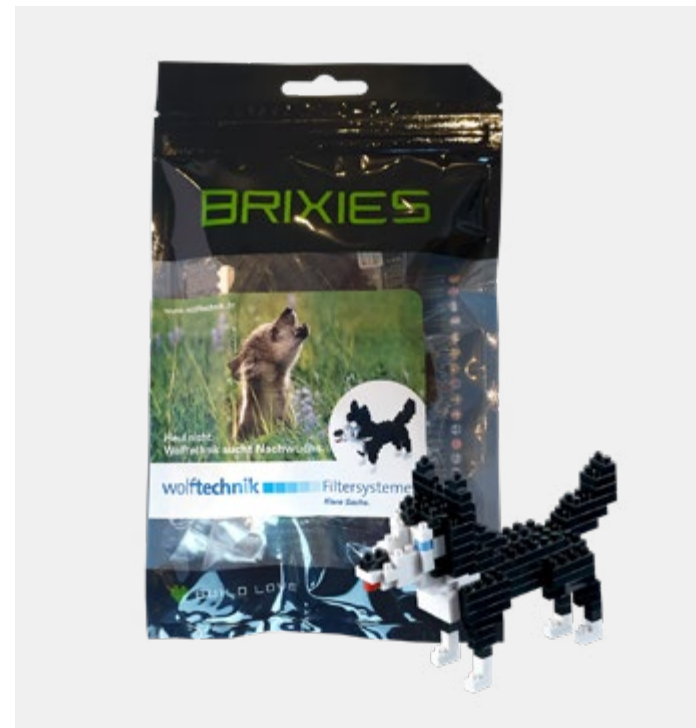

- The zip bag is an optimal packaging for smaller models, with a maximum brick count of 190 bricks
- The bag contains a kit and assembly instructions
- The bag contains a kit as well as build instructions, the cover of which can be implemented in the customers own design from 500 pieces
- Optional logo stickers can be added to the kit. Minimum order quantity 250 pieces
- The print run for a polybag in your own design is 250 pieces - here you have the possibility to pack different models in different editions
